**Articles of Association**

§ 1

The registered name of the Company is Hakon Invest Aktiebolag. The Company is a public limited liability company.

§ 2

The object of the Company is to purchase, manage and sell fixed property and chattels and to engage in other associated activities.

Within the framework of the fundamental objective of generating profits for the shareholders, the Company shall also, either directly or through shareholdings in ICA AB or interests in other companies, maintain, develop and strengthen the ICA concept, which entails that retailers own and operate stores that have access to economies of scale and intangible rights through the ICA AB Group or through other companies.

§ 3

The registered office of the Board of Directors shall be in Stockholm Municipality, Sweden.

§ 4

The Company's share capital shall not be less than three hundred million Swedish kronor (SEK 300,000,000) and not more than twelve hundred million Swedish kronor (SEK 1,200,000,000).

§ 5

The number of shares shall not be fewer than one hundred and twenty million (120,000,000) and not more than four hundred and eighty million (480,000,000).

The shares may be issued in two series, designated common shares and Series-C shares. Common shares may be issued in a number not exceeding 100% of all of the shares in the Company and Series-C shares in a number not exceeding 51% of all of the shares in the Company.

Common shares may be converted into Series-C shares. Owners of common shares are entitled to have them converted into Series-C shares following a written request to the Company's Board. The request shall stipulate the number of shares to be converted and, if the request does not pertain to the entire shareholding, exactly which shares are to be converted. The Board shall address matters pertaining to the conversion of shares in the order in which the requests arrive. Conversion decisions shall be announced without delay. Conversions shall be reported to the Companies Registration Office for registration without delay and conversion is effective as soon as registration in the Companies Register has been completed and a notation has been made in the VPC Register.

In connection with votes, each share entitles the holder to one vote.

Series-C shares do not carry entitlement to cash profit distribution. However, Series-C shares carry the same rights as common shares to profit distribution that takes the form of a cash-in-kind dividend of shares or other participations in ICA AB (Corp. Reg. No. 556582-1559) or in the current or future subsidiaries or associated companies of the ICA AB group or in companies that may take over the operations conducted or that may be conducted in the future by the ICA AB group.

In the event of the Company's liquidation, Series-C shares carry the same rights as common shares to participation in the Company's assets. If the Company's restricted equity is reduced through payment to the Company's shareholders or by means of the repurchase of shares, Series-C shares only carry entitlement to payment or compensation in accordance with the regulations for profit distribution described in the preceding paragraph.

Series-C shares may be converted into common shares in the following manner: As of 2011, holders of Series-C shares are entitled to request conversion of their Series-C shares into common shares by making a written request to this effect to the Company's Board. The request shall stipulate the number of shares to be converted and, if the request does not pertain to the entire shareholding, exactly which shares are to be converted. The Board must make a decision regarding conversion as soon as possible during the month of January in the fifth year after the conversion request was received, meaning not earlier than in January 2016. Conversions shall be reported to the Companies Registration Office for registration without delay and conversion is effective as soon as registration in the Companies Register has been completed and a notation has been made in the VPC Register.

In the event that the Company decides to issue new common shares and Series-C shares through a cash issue or offset issue, owners of both share classes shall have preferential rights to the subscription of new shares of the same type in relation to the number of shares already held (primary preferential right). Shares not subscribed for on the basis of primary preferential rights shall be offered for subscription to all shareholders (subsidiary preferential right). If the number of shares offered in this manner is insufficient for subscription based on subsidiary preferential rights, the shares shall be distributed in relation to the number of shares already held and, to the extent that this is not possible, by lottery. Articles of Association

In the event that the Company decides that new common shares or new Series-C shares alone shall be issued through a cash issue or offset issue, all shareholders, irrespective of whether they own common shares or Series-C shares, shall have preferential rights to the subscription of new shares in relation to the number of shares already held. The above stipulations concerning the preferential rights of shareholders shall similarly apply to such issuance of warrants or convertibles that does not involve payment in the form of capital contributed in kind.

The aforementioned stipulation shall not constitute any infringement on the possibility to make a decision regarding a cash issue in which the preferential rights of shareholders are disapplied. Notwithstanding the regulations pertaining to dividends, in the event of an increase in share capital through a bonus issue, new shares of each series shall be issued in relation to the number of shares of the same series already held. In such cases, shares of a specific series carry entitlement to new shares of the same series. The aforementioned stipulation shall not constitute any infringement on the possibility, following the requisite amendment in the Articles of Association, to issue shares of a new series through a bonus issue.

In addition to the members who, according to law, are to be elected by a body other than a General Shareholder Meeting, the Board of Directors shall consist of not fewer than five (5) and not more than nine (9) members.
